# Child Accident Prevention Program

## What is CAPP?

CAPP is a personal education course for children ages 4- 7. CAPP's immediate goal is to help children become safer pedestrians, passengers and eventually safer citizens.

The program is taught in a classroom and practice sessions are conducted in a miniature, simulated village.

There is NO COST to enroll in CAPP.

## WHAT IS TAUGHT AT CAPP?

Identification of traffic control devices  
How to properly cross the street  
Bicycle safety rules

How to recognize and avoid strangers  
Eddie Eagle Gun Safety program  
Emergency "911" education

Free summer lunch is  
available for the children  
from 12:00 - 1:00pm

Sessions are conducted Monday through Thursday from  
1:00 - 3:00pm. Please register at your choice of location.
